

Eco Art - Nature Sculpture

God's Love, seen through creation, is for everyone, not to be taken just for ourselves.

- Build a temporary sculpture with items you have found in nature
- Your sculpture is subject to the elements in creation, it will not last forever. Enjoy and take delight in creation art, then materials go back to nature.
- Be sure to check back and see how long your sculpture lasts!

*** PLAN AHEAD - Find an empty bottle for Day 3 Eco Art project!!***
