

Council Meeting Summary

August 11th, 2020 - 6:00pm

The August 2020 Council meeting was canceled due to the derecho storm that hit the Quad City area that same day. Many Council members were without power for several days. The decision was made to not reschedule the meeting because of clean up from the storm and the fact that it would be difficult to find a common meeting time during the last few weeks in August. This being said, each board was asked to develop a plan for their board which would describe the upcoming church events through the end of 2020. These plans will be shared at the next Council meeting on September 8th.
